CARBON FOOTPRINT AS OF 28.09.2018

*Coverage of instruments for which emissions data are available in the Trucost database. **The difference in the intensity of CO2 emissions represented by the fund compared to the index; green stands for improvement, while red stands for deterioration. These data don't take into account the whole scope of the emissions and in particular the Scope 3 of the emissions (emissions from the supply chain and emissions from the product use). The avoided emissions are excluded from the analysis.
